

Instrument Cluster Assembly – Remove And Install (33 214 0)

Remove

1. Remove the instrument panel facia (refer to Operation Number 33 213 0).
2. Remove the four screws retaining the instrument cluster.

CAUTION: When removing the instrument cluster do not place the cluster lens down.

3. Pull the instrument cluster forwards, disconnect the multiplugs and remove the cluster.

Install

4. Refit the components in reverse order.
